**To: Members****Subject: Pension Plan Bulletins and the “clicSÉQUR” account with “Revenu Québec”.**

Since the new structure of Retraite Québec, which took place a few years ago, now includes your pension plan (PPMP-RRPE) and the QPP (the Québec Pension Plan) to which you also contribute.

Their objective to modernize the content and improve the distribution of the information is well underway. Since December 2020 it is now possible for you to directly access your file electronically and very soon this will be only method for you to find out about your contributions to and benefits of your plan. To do so you must obtain a special electronic link process by using the “Revenu Québec” site. The link below will also allow to view other files such RAMQ, SAAQ as well as your Québec Income Tax file.

This year’s bulletin is scheduled to be sent to you but I highly recommend that you set up your account soon unless you already have a “clicSÉQUR” account with “Revenu Québec”.
